## Energy Usage Policy

- To take initiatives to save energy in the campus by installing LED Tube lights and bulbs in the Classrooms, Corridors, HOD Cabins, Staff rooms, Library and other prominent places.
- To display signboards at the prominent places and taking the initiative for energy conservation and creating awareness about turning off the lights when not in use.
- To encourage all stakeholders to avoid using artificial lights, fans and air conditioners when there is enough natural light and air is available.
- To reduce local air pollution emissions using environment – friendly vehicles, including bicycles, public transportation, carpooling and use of pedestrian-friendly roads.
- To make proper use of water received from rain water harvesting.
- To plan alternative source of energy resources such as solar lamps.
- To plan further power saving initiatives such as power saving fans.
- To conduct annual energy audits.
